## Summary

**Five years experience teaching and providing support in 1-to-1 environments**  
**Accomplished creator of technology training and professional development**  
**Education Masters degree holder and certified professional educator**

## Profile

I'm an Instructional Technology specialist, public school teacher, convention speaker, media creator and software developer. I've worked at the forefront of technology in schools, and I want to promote a better, more cohesive user experience.

## Experience

**Instructional Technology Specialist**, Natick High School; Natick, MA – 2010 - 2014

- Taught basic and advanced technology skills in a variety of subject areas
- Acted as a model and coach for colleagues incorporating digital resources
- Designed and administered technology training workshops for teachers
- Worked independently to develop courses and pilot new types of instruction

**Game Design Teacher**, TEC Online Academy; Dedham, MA – 2013 - 2014

- Taught innovative, student-centered online courses
- Delivered instruction to students using web meeting environments

**Technology Teacher**, Hopkinton High School; Hopkinton, MA – 2009–2011

- Taught media and technology electives for all skill levels
- Created and taught technology-focused professional development

## Education

**Master of Educational Technology, 4.0 GPA**

Boise State University; Boise, ID - 2014

**Bachelor of Music: Sound Recording Technology, 3.7 GPA**

University of Massachusetts Lowell; Lowell, MA - 2008

## Presenter Experience

**Convention Speaker:** Education Gamification, PAX East (2013)

**Workshop Presenter:** Quest-Based Learning, Natick Technology Conference (2010 - Present)

**Workshop Presenter:** Using Multimedia Applications in the Classroom, Hopkinton High School Professional Development (2009)

## Leadership Experience

**Department Representative**, Faculty Senate (2013 - 2014)
